AZALEAS, CAMELLIAS
ROSES ETC.

EDITOR McFARLAND—finest of newer pink Roses

THOMASVILLE NURSERIES

"Home of Roses"

THOMASVILLE · GEORGIA

Azalea in full bloom

Terms of Business

Location. Main Nursery office, lath-houses, and Trial-Grounds at intersection of Boston and Summerhill roads with Boulevard, 2 miles east of Thomasville. Roses and Evergreen Nursery on Boston Road, 3 miles east of Thomasville. The Thomasville-Boston Road is a link of the Lone Star Trail from Los Angeles to St. Augustine, and is also known as Georgia State Road No. 38.

Invitation to Visitors. Visitors are welcome at our place every day in the year. We transact no business on Sundays, but leave our gates open for visitors to see the Azaleas, Roses, etc. A visit to the Nurseries is not an obligation to purchase.

Terms. Cash with order or satisfactory references, except to parties of known responsibility.

Transportation at Purchaser's Risk. All transportation expenses are to be paid by the purchaser; our responsibility ceases upon delivery, in good order, to forwarding companies.

Substitution. We do not substitute unless so authorized. It is well, however, as the season advances, to name substitute to be used in the event of shortage.

Inspection. Our Nurseries were inspected by a representative of M. S. Yoemans, State Entomologist, Atlanta, Ga., September, 1935, and a certificate to this effect, and that plants are fumigated as required by law, accompanies every shipment, and we comply with the various laws of the states into which we ship. We offer no balled plants grown on nut grass lands.

Claims. If, by any possibility, errors should occur, they will be promptly rectified, if claim is made within 10 days after receipt of the goods.

Guarantee. We cannot control conditions after plants leave our hands, and we cannot, therefore, guarantee our plants to live. We do guarantee all stock sent out to be well rooted, true to name, properly packed and shipped according to instructions.

Quantity Rates. Forty or more plants at the 100 rate; 300 or more at the 1000 rate.

Order Early. We cannot too strongly urge the advisability of ordering early. In so doing one gets the assortment and pick of the stock and avoids disappointment of possible failure to get order filled complete. Orders may be sent early and stock reserved for later delivery.

Address all communications and make remittances payable to Thomasville Nurseries, Thomasville, Ga.

WE WILL TRADE plants for many items of merchandise, and with farmers for hay, corn, food-stuffs, etc. We started this exchanging during the Depression, and although those days are over and recovery begun, we still think swapping is good and helpful business

1. Camellia Lady Campbell
2. Camellia Alba plena

3. Camellia Tricolor
4. Camellia Cliveana

Hjort's Fancy Camellias

The Camellias, commonly called "Japonicas," are the most valuable flowering shrubs or small trees in the gardens of the Lower South. For the past eight years we have been diligently collecting Camellias from many sources, and now have a very fine collection. We are listing 38 named varieties, and have as many more for which we have not been able to get correct names, some of which are very choice kinds. Our Camellias are mostly pot-grown, vigorous plants, not to be compared with inferior, layered plants which usually have poor root-systems. The growing of quality Camellias is a specialty with us.

GROUP 1

PRICES OF CAMELLIAS

	Each	12		Each	12
8 to 12 in.	\$1 00	\$10 00	18 to 24 in.	\$2 50	\$25 00

THOMASVILLE, GA.

HJORT'S FANCY CAMELLIAS, continued

- Chandleri elegans.** Large; semi-double; deep pink, with white splotches. A very popular variety.
- Coletti maculata.** Very deep red, with occasional white spots; large, double flowers.
- Duc d'Orleans.** Fairly large, peony-form flower; creamy white with faint pink flecks. A favorite where known.
- Emperor.** Large; semi-double; scarlet.
- Gloire de Nantes.** Flowers very large, semi-double, cerise, center filled with long yellow stamens.
- Herme.** Large, loose, peony-form flower, white with red and pink stripes and splotches.
- Il Tramento.** Very large, double, deep pink flowers with occasional white spots. Distinct foliage. Compact bush. One of the best of the double Camellias.
- Lady Vansitti.** A very rare and choice Camellia. Semi-double; bright red. Distinct foliage.
- Mrs. F. L. Gibson.** This choice seedling, growing at the residence of F. L. Gibson, in Thomasville, is one of the finest of single-flowering Camellias. Variable flowers, mostly white, striped and splotched pink. Very dark, rounded, distinct foliage. A fast grower and profuse bloomer.
- Nobilissima.** A rare and fancy white Camellia; semi-double with showy yellow stamens.
- Prof. Sargent.** Deep, rich crimson flower of carnation-form with high, "pin-cushion" center. Very choice.
- Sweeti vera.** Large, semi-double flower; blush-white with pink splotches.

GROUP 2

PRICES OF CAMELLIAS					
Each			12		
			Each		
			12		
8 to 12 in.	\$0 75	\$7 50	18 to 24 in.	\$2 00	\$20 00
12 to 15 in.	1 00	10 00	2 to 2½ ft.	2 50	25 00
15 to 18 in.	1 50	15 00	2½ to 3 ft.	3 00	30 00

- Carnation.** Bright red, carnation-form. Very early bloomer. Also known locally as Christmas Glory.
- Christmas Glory.** See Carnation.
- Cliveana.** Large; peony-form; bright pink. Strong grower; free bloomer for large kind. One of our finest Camellias. See illustration.
- Dixie.** Double flower; deep rose-pink. Profuse bloomer; strong grower. Believed to be identical with variety called Rosita by some growers.
- Haley's Monarch.** Large; semi-double; bright red. Tall grower; good bloomer; vigorous plant.
- Honor of America.** Large; semi-double; soft pink; very loosely arranged petals, with stamens Fast grower. Very desirable.
- Imbricata rubra.** Very large, double, bright red flowers with occasional white spots. Dark green foliage.
- Imperator.** Medium-sized flowers of delightful deep rose-pink color with no variation; large outer petals and smaller, fluted petals in center. Dark green foliage. A choice Camellia.
- Jarvis Red.** Semi-double; deep blood-red. Large foliage.
- Lady Marion.** Large, bright pink, double flowers, and distinct, large foliage. One of the very best double kinds.
- Marie Louise.** A beautiful double-flowering Camellia. White, with fine pink stripes.
- Mathotiana alba.** Large; double; white. Late bloomer.
- Meigs Variegated.** One of the choicest of all Camellias. Large, double, rose-pink flowers, some showing white spots. Long, narrow, dark green leaves. Vigorous bush. Early and profuse bloomer.
- Pink Perfection.** Bright shell-pink, waxy flowers. A free-flowering and popular double variety. Very choice. See illustration.
- Rev. John Bennett.** Deep salmon-pink center petals interspersed with showy golden stamens.
- Sacco vera.** Double; salmon-pink. Compact grower. One of the best of its form.
- Shirotome.** Pure white, well-formed, double flower of the size of Sarah Frost.

GROUP 3

PRICES OF CAMELLIAS					
Each			12		
			Each		
			12		
8 to 12 in.	\$0 50	\$5 00	18 to 24 in.	\$1 50	\$15 00
12 to 15 in.	75	7 50	2 to 2½ ft.	2 00	20 00
15 to 18 in.	1 00	10 00	2½ to 3 ft.	2 50	25 00

- Americana.** Double; pink and white variegated, sometimes solid white or pink flowers occur.
- Anna Frost.** Double flowers; deep pink to light red, with few white spots. Midseason; profuse bloomer.
- Henri Favre.** Flowers small, bright red, with light stripes on ends of petals. Tree is fast grower, of compact habit, and a profuse bloomer.
- Lady Campbell.** Full, double; light red. Fast-growing and compact bush; profuse bloomer. All flowers develop perfectly. See illustration.

Camellia, Pink Perfection

HJORT'S FANCY CAMELLIAS, continued

Sarah Frost. Very double; extremely handsome deep rose-pink. Free-flowering; compact and fast-growing bush. The most widely cultivated of all double-flowering Camellias, and always satisfactory.

Sassanqua. This single-flowering Japanese Camellia is a very choice shrub or small tree, producing deep pink flowers in great profusion from October until Christmas. Easy to grow, may be used in foundation plantings as a shrub, or outdoors as a specimen.

Single Red. A very rapid-growing variety, exceeded only by Sassanqua, and an exceedingly heavy bloomer.

Tricolor. Small, single flowers of varying colors, mostly pink, but with many flowers white, variegated, and red. See illustration.

Unnamed. We have about 25 varieties of excellent Camellias which as yet we have been unable to get positively identified. In this lot are some fine semi-double and peony-form varieties which, when named, will be transferred to the higher priced class where they belong. Until that time we sell them, with unnamed double varieties, at Group 2 prices. There are really some very choice kinds here. In ordering Unnamed Camellias, specify colors desired, and whether you wish semi-double, peony-form, carnation-form, or double flowers.

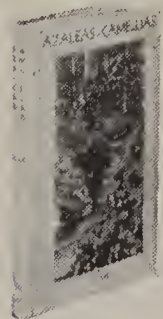

LANDSCAPE SERVICE

We maintain a Landscape Department, in charge of men with college training, years of experience, and a love for the business. Correspondence invited.

AZALEAS AND CAMELLIAS

By H. HAROLD HUME

A valuable new book of practical information dealing with these beautiful, increasingly popular and distinctively Southern shrubs. Thoroughly describes varieties best suited for various uses and discusses questions of culture, such as soils, fertilization, and general care. 98 pages. Cloth, \$1.50.

Hjort's Kurume Azaleas

The Kurumes, natives of Japan, fully one thousand miles farther north than the native habitat of the Indica varieties, are by far the hardiest Azaleas, and in the Lower South have stood perfectly the freezes which damaged more tender kinds. The Kurume Azaleas, contrary to popular belief, are not all dwarf growers. There are medium and tall kinds, and the widest assortment of color. We have developed a large stock of these dependable Azaleas, and our prices are lower than these plants can usually be bought for, while the quality is the best. Our plants, from smallest to largest, are shapely and well set with buds.

PRICES OF KURUME AZALEAS

	Each	12	100		Each	12	100
6 to 8 in.....	\$0 50	\$5 00	\$40 00	12 to 15 in.....	\$1 50	\$15 00	\$100 00
8 to 10 in.....	75	7 50	60 00	15 to 18 in.....	2 00	20 00	150 00
10 to 12 in.....	1 00	10 00	75 00	Larger, specimen plants	\$3.50 to \$40.00 each.		

VARIETIES OF KURUME AZALEAS

The double varieties are marked thus *; all other varieties are single.

- ***Amœna.** Flowers rosy purple, in dense masses. Hardy; tall, early.
- ***Carmine Prince.** Rather large for a Kurume; carmine-red. Medium, compact; rather late.
- ***Cattleya.** White, tinted with lilac, shading at the edges to mauve-pink. The latest of all the Kurumes to bloom at Thomasville. Medium.
- ***Cherry Blossom.** A favorite of the tall growers; very light pink. Somewhat late in flowering.
- ***Christmas Cheer.** Brilliant bright red; the small foliage is very dark green and compact. The earliest of the red Kurumes. Medium.
- ***Coral Bells.** Beautiful shell-pink, shading somewhat deeper at center; free flowering and dainty. The dwarfest of the dwarfs; ultimate height 2½ feet. Early.
- Flame.** This Flame Azalea is one of the best of the Kurumes and one of the tallest growers. Mid-season.
- Hinomayo.** Beautiful rose-pink; foliage small; profuse bloomer. Often used as a background planting for Coral Bells. Tall; early.
- Hinodegiri.** Brilliant scarlet; foliage rounded and deep green. A midseason bloomer, coming into flower just before Christmas Cheer has finished. Medium.
- ***Hortensia.** One of the taller growers of the pink Kurumes. Midseason.
- Irene.** A lovely new Azalea originating with us. Blush-white with deeper center. Tall; midseason.
- Lavender Queen.** A Kurume often used to edge the Indica Azaleas Phœnicia and Formosa. Medium; late.
- Orange Beauty.** This Azalea of tangerine-orange is the earliest of the Kurumes to flower at Thomasville. Growth like that of Coral Bells.
- Peach Blow.** A fine Kurume with flowers of light peach-blossom-pink. One of the fastest of the Kurumes. Tall; midseason.
- ***Pink Pearl.** Light pink, produced in dense clusters. Tall; midseason.
- Ramentacea.** Hardy, tall-growing Azalea related to Kaempferi. Pure white. Late.
- Salmon Queen.** This salmon-colored Kurume Azalea is one of the best of the single-flowering kinds. Medium; midseason.
- ***Snow.** The best of the white Kurumes. Medium; midseason.
- Vesuvius.** Rather large flowered for a Kurume. Brilliant salmon-red, with darker center. Tall; late.
- ***Yayegiri.** Bright flame-red. Tall; late.

Kurume Azalea, Coral Bells

Azaleas, Elegans, Fielder's White, and Royal Red

Hjort's Indica Azaleas

Azaleas are the most attractive of the winter- and spring-flowering shrubs in the Lower South. Varieties of Indica Azaleas, which are mostly tall growers with a profusion of single flowers, are a mass of beauty on the northern estates and at Hjort's Azalea Woodland from February till April. All of the Azaleas we offer are stocky, well-grown plants, set with the maximum of flower-buds.

PRICES OF INDICA AZALEAS

	Each	12	100
6 to 8 in.	\$0 35	\$3 50	\$25 00
8 to 10 in.	50	5 00	40 00
10 to 12 in.	75	7 50	50 00
12 to 15 in.	1 00	10 00	75 00
15 to 18 in.	1 50	15 00	100 00
18 to 24 in.	2 00	20 00	150 00

Varieties of Indica Azaleas

Alba. Large; single; white. Tall; midseason.

Anthenon. White to pale pink, deeper center. Tall; late.

Brilliant. Brilliant deep pink. Small, bushy grower; late.

Coccinea major. Scarlet. Tall; late.

Croemina. Very large flower; light pink. Compact and tall; early. A very fine Azalea and a favorite at Hjort's Azalea Woodland.

Dixie. This salmon-red is one of the finest of the Indica Azaleas. Early.

Duc de Rohan. Medium-sized; salmon-pink. Early.

Duke of Wellington. An excellent salmon-colored Azalea. Tall, vigorous; late.

Elegans. One of the best early-flowering Azaleas. Light rose-pink. Tall. We usually sell more Elegans than any other Azalea.

Fielder's White. Large; pure white. Early.

Flame. Same as President Clayes.

Formosa. Large-flowered, purplish pink, dark-foliaged variety. Generally considered the greatest of all Indica Azaleas, this is always in great demand and always satisfactory in this section.

Frederick the Great. Low, bushy, compact-growing Azalea. Deep salmon. Late.

George Frank. Large; rose-pink with deeper center, one of the loveliest of all Azaleas. Compact; early.

Glory of Sunninghill. Vermilion-red; bright green foliage, and spreading habit. Late. A good variety.

Harry Veitch. Light pink flowers with creped petals. Low, bushy grower. One of the hardiest.

Iveryana. The favorite variegated Azalea. Large, white flowers, striped pink and orange. Of spreading habit; late.

Lawsoni. Bright salmon-pink. Low, bushy grower; late.

Maxwelli. Large; carmine-red. Medium grower, spreading; very hardy.

Phoenicia. Large rosy lilac to lavender flower; dark green foliage; spreading grower. One of the best Indica Azaleas.

President Clayes (Flame). One of the best of all Azaleas. Flame-red, a delightful color through pine woodland or fronting a dark background. Rather early bloomer for darker-colored Azalea.

Pride of Dorking. Rose-red; large flower. Late.

Pride of Mobile. Deep watermelon-pink; large flower. Late.

Prince of Orange. Scarlet. Low, spreading, compact; late.

Royal Purple. Variable single and semi-double flowers of violet-purple; foliage dark green. Habit compact. A very good Indica variety.

Royal Red. The finest of the late-flowering Azaleas, with brilliant red flowers. Tall, compact.

Salmon. A fine Azalea with large, clear salmon flowers and small, green foliage. Low, spreading habit; late.

Venus. Large; white, sometimes tinged pink. Medium grower.

Violacea rubra. Same as Royal Purple.

Vittata Fortunei. Flowers white with pink or lavender stripes, borne at intervals from October to March. Strong, open grower.

William Bull. The only double-flowering Indica Azalea we list. Many pomegranate-red flowers produced rather late in the Azalea season. An open, branched, picturesque grower.

Miscellaneous Azaleas

- Azalea alabamensis.** The most highly fragrant of the native Azaleas. Very rare. Pure white. \$1.00 to \$3.00 each.
- Azalea austrina.** One of the showiest of all Azaleas. It is native of the lower Southeast, and the flowers are shades of yellow. Stocky plants, well set with buds, \$1.00 to \$3.00 each.
- Azalea canescens.** This fine native Azalea, commonly called "Honeysuckle," comes in shades of pink. Very hardy and satisfactory. Collected plants, 50 cts. to \$1.50 each.
- Azalea Kaempferi.** This is a Japanese Azalea, and one of the very hardiest for the South, being perfectly adapted to Atlanta and other localities that experience hard freezes. We have two varieties, Deep Pink and Light Pink. Same prices as Kurume Azaleas.
- Azalea macrantha.** Extremely hardy, compact grower. Deep green, roundish foliage. Single, deep pink flowers. Very late bloomer. Same prices as Kurume Azaleas.

VISIT HJORT'S AZALEA WOODLAND

March is the month of Azaleas, at which time the midseason varieties are at their height, and these contain the greatest range of color and form. In March we are glad to have visitors come on Sunday afternoons and enjoy with us the wonderful display of Azalea bloom at Hjort's Azalea Woodland, two miles east of Thomasville on the paved State Road No. 38.

Enlarged and ample parking facilities are provided and conveniently placed signs guide you easily through the Azalea plantings. All the main roads into Thomasville are paved, and visitors from many cities in this section have found it a delightful Sunday afternoon trip to drive over to see the Azaleas at Hjort's Azalea Woodland.

Absolutely no admission charge or collections taken and nobody is asked to buy. This is the greatest display of Azalea color and varieties in this section. Come and enjoy it with us.

Hjort's Chinese Magnolias

One of the finest and most satisfactory spring-flowering trees for the South. For years we have made a specialty of growing stocky, well-branched Chinese Magnolias, sure to please our customers.

PRICES OF CHINESE MAGNOLIAS

	Each	12
15 to 18 in., stocky.....	\$1 00	\$10 00
18 to 24 in., stocky.....	1 50	15 00
2 to 3 ft., stocky.....	2 00	20 00
3 to 4 ft., stocky	3 00	30 00

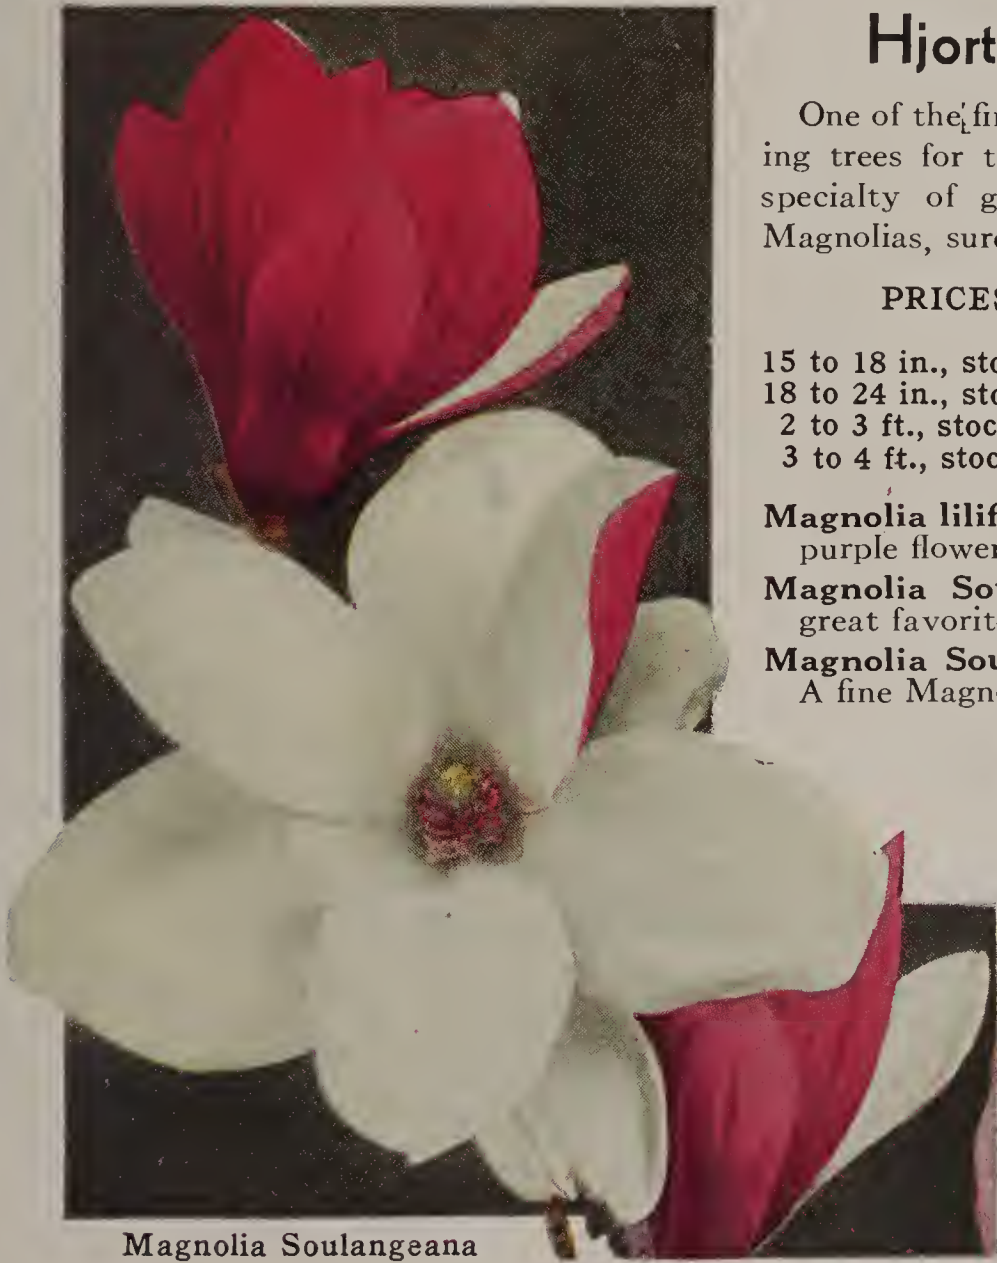

Magnolia liliflora. Chinese Purple Magnolia. Large, purple flowers in early spring.

Magnolia Soulangeana. The Pink Magnolia. A great favorite in the South.

Magnolia Soulangeana nigra. Rich, dark purple. A fine Magnolia.

BUILD ROCK-GARDENS, POOLS, ETC.

Our Landscape Department builds rock-gardens, pools, lawns, etc., does tree surgery, grading, pruning, and spraying, and will supply garden furniture and irrigation equipment. We like to do as much of this service work in the summer as possible.

Except where noted

ALTHEA. Free-flowering shrub or small tree. We supply single and double varieties in Red, Pink, Purple, Variegated, and White.

AMYGDALUS (Flowering Almond). Dwarf shrub with small flowers in late winter. White or Pink. 2-yr. plants only.

CALYCANTHUS floridus. The Sweet Shrub of old-fashioned gardens. 2-yr. plants only.

CERCIS canadensis (Red-bud). With the first touch of spring this native tree is covered with reddish purple flowers.

CORNUS florida (Dogwood). The native White Dogwood is one of the best flowering trees.

C. florida rubra. A pink form of the above. \$1.00 to \$1.50 each.

CYDONIA japonica (Flowering Quince). Rose-red flowers in winter.

DEUTZIA. Showy spring-flowering shrubs. White or Pink.

EXOCHORDA grandiflora (Pearl Bush). Large white flowers in earliest spring.

FORSYTHIA (Golden Bell). Late winter- and spring-flowering shrubs with golden yellow flowers. We have upright and drooping kinds.

LAGERSTRÆMIA (Crape Myrtle). A vigorous shrub or small tree with beautifully fringed flowers in summer. We have Lavender, Pink, Purple, Watermelon-red, and White.

LONICERA fragrantissima (Upright Bush Honeysuckle). Masses of fragrant, creamy white flowers in midwinter.

MALUS coronaria. The well-known native Crab-Apple.

PRUNUS Mume. Excellent, small deciduous tree, covered with deep pink flowers in January.

P. persica. Double-flowering. Peach. Three varieties—Pink, Red, White. 3-yr. size only.

P. pissardi. Unusual shrub or small tree. Leaves red all spring and summer.

SPIRÆA. Indispensable shrubs for mass of border plantings. We supply **S. Reevesiana** (upright, double, white), **S. Vanhouttei** (single, Bridal Wreath), **S. Thunbergi** (dwarf, white).

WEIGELA rosea. Vigorous shrub producing a wealth of pink, bell-shaped flowers in early spring.

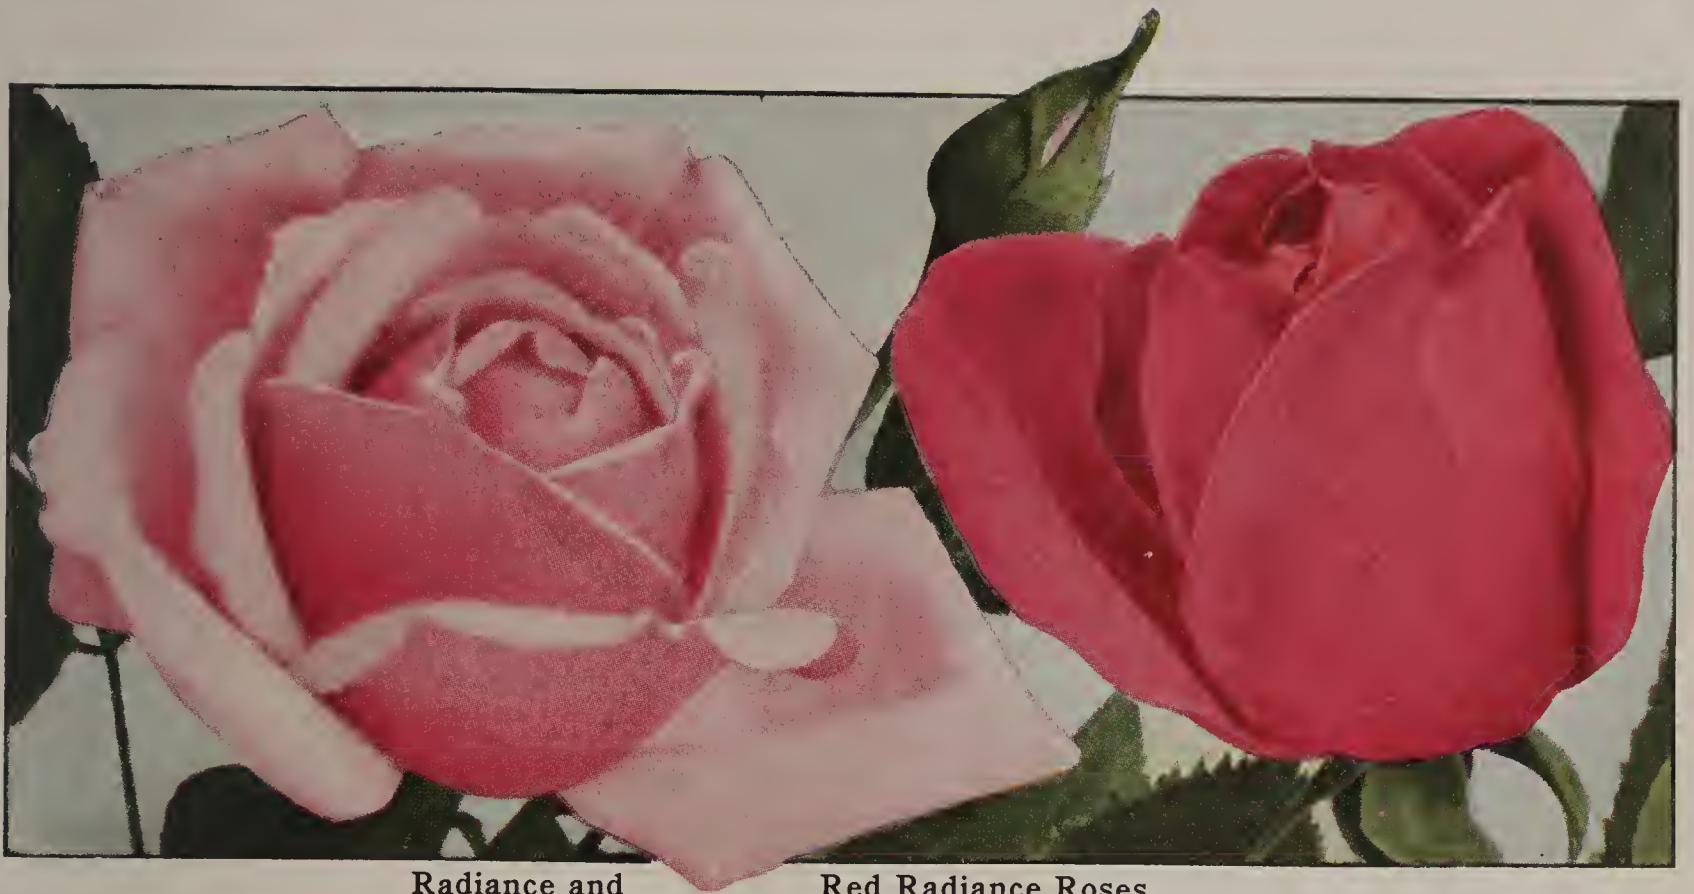

Forsythia (Golden Bell)

Lagerstroemia (Crape Myrtle)

WE WILL TRADE

plants for many items of merchandise, and with farmers for hay, corn, food-stuffs, etc. We started this exchanging during the Depression, and although those days are over and recovery begun, we still think swapping is good and helpful business.

Radiance and

Red Radiance Roses

Hjort's Thomasville Roses

For 37 years the raising of choice, field-grown Roses has been a specialty with us. At Thomasville, the past growing season has been an ideal one, and we offer a fine lot of plants. Nowhere can finer ones be obtained. No southern garden is complete without a planting of Roses, and our prices are very low for good quality.

PRICES OF ROSES

1-yr. plants, 30 cts. each, \$3.00 for 12, \$20.00 per 100

2-yr. plants, 50 cts. each, \$5.00 for 12, \$40.00 per 100

Except Radiances, Frau Karl Druschki, and Mrs. Charles Bell

Hybrid Tea Roses

Ami Quinard. Deep, velvety crimson, almost as black as Nigrette. Strong grower; good bloomer.

Betty. Coppery yellow, shaded rose.

Betty Uprichard. Orange-carmine outer petals; light salmon reflexes.

Caledonia. Flowers white, large, double, high-centered.

Countess of Gosford. Salmon-pink, shaded rose.

Daily Mail Scented. Semi-double; bright red; fragrant.

Dainty Bess. Charming, large, single flowers in clusters; wild-rose pink. A tall-growing plant.

Dame Edith Helen. Soft rose-pink; large; sweet-scented.

Dixie. Very light pink sport of Radiance.

Edith Krause. The best new pure white Rose we have tested. Large flower. Vigorous bush.

Editor McFarland. By long odds the best new Hybrid Tea Rose we have tested in recent years. Comparable to Radiance in growth and blooming. During the hottest weather of the summer it was our best pink variety. Long-pointed, deep pink bud with a glow of amber and paler edges. Fine for cutting. See front cover.

E. G. Hill. Fragrant, massive blooms of deep crimson. A fine grower and bloomer for so large a Rose. One of the finest of the newer varieties.

Edith Nellie Perkins. Deep pink, shaded salmon; long-pointed buds.

Elizabeth of York. Pointed buds and semi-double flowers of cerise-pink, shaded yellow. Though not a large bush, is a healthy grower and excellent bloomer.

Essence. Double; deep crimson. Strong grower. A good Rose.

Etoile de Hollande. Brilliant crimson; fairly double. Fine.

Francis Scott Key. Bright red; double. Very good.

Irish Elegance. A single variety with bronze-pink buds, opening apricot and yellow.

Irish Fireflame. Another single variety, orange-crimson, shaded pink and gold.

Jonkheer J. L. Mock. Carmine-pink; large. Stiff stems.

Kaiserin Auguste Viktoria. Best white Hybrid Tea.

Killarney. Deep pink. Long a southern favorite.

Killarney Brilliant. Dark pink, almost red.

Killarney Queen. Deep pink; large. The best of the Killarneys.

Luxembourg. Long the leading deep yellow; beautiful bud, full flower.

Mary, Countess of Ilchester. Deep carmine-pink; large, double flower.

HYBRID TEA ROSES, continued

Mary Nish. Salmon sport of Radiance. Not so heavy a flower as the parent, but blooms profusely.

Mayor Cermak. A deep red Rose of good quality. Strong, spreading bush.

Mme. Henri Lustre. Large, double blooms of shining currant-red. Vigorous and floriferous.

Mrs. A. R. Waddell. Deep apricot. An old favorite.

Mrs. Charles Bell. The shell-pink Radiance. Large, well-shaped blooms on stiff stems. Free bloomer; even more vigorous than its parent. We vote it the best Rose ever introduced.

Mrs. Erskine Pembroke Thom. A favorite among deep yellow Roses.

Mrs. W. C.-Miller. Deep pink, shaded salmon. National Emblem. Crimson buds; medium, pointed. Free bloomer.

National Flower Guild. One of the most vigorous and free blooming of red Roses. Bright red. A worth-while Rose.

Ophelia. Salmon-flesh, shaded rose.

Patience. Long-pointed, scarlet buds, opening to large, scarlet-carmine flowers.

Pink Pearl. Deep pink; pointed buds.

President Herbert Hoover. An unusual Rose. Flame-pink, scarlet, and yellow.

Radiance. By long odds the most popular of all Roses. Carmine-pink, on strong stems. Vigorous; free bloomer.

Red-Letter Day. Almost single; large petals; intense scarlet. Strong and free bloomer.

Red Radiance. Easily the leading red Rose. Too well known to require description.

Rev. F. Page-Roberts. Coppery red, opening yellow.

Syracuse. The most vigorous grower and consistent bloomer of all the newer red Roses. Crimson-scarlet flowers on long stems. It should have a place in southern gardens.

Talisman. Brilliant red and gold buds, opening orange-yellow.

Una Wallace. Deep pink; fine, long-pointed bud and good flower on long stem.

Vesuvius. A fine single variety; deep crimson.

White Killarney. Sport of Killarney. A good white.

William Orr. Large, deep red, fragrant blooms on stiff stems. Give it a little extra care and get magnificent flowers.

Tea Roses

Alexander Hill Gray. Solid yellow in bud, opening lighter.

Duchesse de Brabant. Light rose to shell-pink. An old favorite.

Freiherr von Marschall. Carmine-red. Vigorous.

Lady Hillingdon. Beautiful pointed buds of deep yellow.

Louis Philippe. (Bengal.) Deep crimson. Shiny foliage. Good fall and winter bloomer. Fine for hedges.

Maman Cochet. Light pink, shaded rose; long buds and heavy flower. Very fine.

Marie van Houtte. Canary-yellow, petals tipped pink. Free bloomer. Fine for the South.

Minnie Francis. One of the best deep pink Tea Roses.

Mme. Lambard. Bright rose, deepening in color in fall. Strong grower; profuse bloomer. A great favorite in the Lower South. Like most Teas, this is a Rose of long life, healthy and hardy.

TEA ROSES, continued

Mme. Melanie Soupert. Salmon-yellow, shaded pink. An old Rose, but one of the very best. If it were new it would be pictured and praised everywhere.

Mrs. B. R. Cant. Deep rose to light red. A good variety.

Mrs. Dudley Cross. Most vigorous of all yellow Roses. Light yellow, long, Cochet-like bud and immense flower. Free bloomer over a long flowering season.

Papa Gontier. Rosy crimson; fine long-pointed bud.

President Taft. Deep pink, golden at base.

Safrano. A fine old saffron-yellow Tea Rose.

White Maman Cochet. The best white Tea. We vote it the best of all white Roses for this section.

William R. Smith. Blush-pink; large, pointed bud and heavy flower on stiff stem. Always satisfactory; there never was a better Rose.

Hybrid Perpetual Roses

Baroness Rothschild. Delicate shell-pink.

Duchess of Sutherland. Peach-pink; large.

Frau Karl Druschki. The one pure white Rose, better known as White American Beauty.

Georg Arends. Soft rose-pink. A lovely Rose.

Gloire de Chedane-Guinoisseau. Dark velvety red.

Gloire Lyonnaise. Large creamy white flower. Thornless stems.

Heinrich Munch. Immense flowers of shell-pink.

Hugh Dickson. Crimson; full and double.

J. B. Clark. Intense crimson. In this section the favorite red Hybrid Perpetual.

King George V. Valuable English Hybrid Perpetual. Deep red.

Marshall P. Wilder. Deep crimson; large; fragrant.

Paul Neyron. Deep pink; immense. A favorite in its class.

S. M. Gustave V. Perfect live pink, double flowers; fragrant.

Ulrich Brunner. Deep red; shaped like Paul Neyron.

Climbing Roses

American Pillar. Beautiful single Roses borne in clusters; deep pink with white eye. Profuse spring bloomer.

Chaplin's Pink Climber. Pink replica of Paul's Scarlet Climber.

Climbing Maman Cochet. A vigorous sport of the bush variety. Good bloomer.

Cl. Marie van Houtte. Sport from the bush variety and identical in color.

Cl. Mrs. Aaron Ward. Good yellow climbing Rose.

Cl. Mrs. Charles Bell. A climbing form of the popular shell-pink Radiance. Good bloomer.

Cl. Radiance. A fine climbing Rose, developed from the bush Radiance, universally the most popular Rose. Constant bloomer.

Cl. Red Radiance. Very satisfactory climbing Rose. Sport from the bush Red Radiance. Constant bloomer.

Cl. Talisman. One of the very best of the new climbers. A vigorous sport of the bush Talisman and identical in color.

Cloth of Gold. Sulphur-yellow, deeper center. Good bloomer.

Daydream. One of the finest of the valuable new Australian climbers. Large, semi-double, rose-pink flowers. Fairly continuous bloomer. Vigorous.

Dr. Huey. Semi-double; very deep red. Profuse spring bloomer.

Dr. W. Van Fleet. One of the most beautiful of Roses. Delicate flesh-pink. Profuse spring bloomer.

Duchesse d'Auerstaedt. One of the very best of the climbing Tea Roses. Yellow, shaded buff. Fine grower and good bloomer.

Heart of Gold. Single; deep scarlet, with showy stamens in center. Spring bloomer.

Jacotte. Large, semi-double flowers of orange-yellow, tinted copper. Profuse bloomer.

Kitty Kininmonth. Glowing deep pink. One of the best of the new Australian climbers. Large, semi-double flowers. Fairly continuous bloomer.

Marechal Niel. A great southern favorite. Deep yellow.

Mary Wallace. Large; deep pink. Profuse spring bloomer. A delightful variety.

Paul's Scarlet Climber. The most popular climbing Rose in the Southeast. Brilliant scarlet flowers, borne in great profusion in early spring.

Pink Cherokee. Glowing pink, single flowers, borne in great profusion in earliest spring.

Red Cherokee. A red form of the above.

Reine Marie Henriette. For many years the leading red climbing Rose, and still a great favorite.

Reve d'Or. At Thomasville this is the most popular of yellow climbing Roses.

Scorcher. A red variety of the new Australian climbers.

Sunday Best. A very showy Rose. Large, deep pink, single flowers, borne in clusters.

White Banksia. Clusters of small, double, white flowers borne in earliest spring.

White Cherokee. The well-known, single, white-flowering Rose used so much in the Southeast. Very early bloomer.

Yellow Banksia. A unique and truly great southern Rose, bearing great clusters of small, double, yellow flowers in very early spring.

Zephirine Drouhin. Vivid pink, well-filled flowers of good size; fragrant. Blooms freely in spring on almost thornless wood.

What Every Rose-Grower Should Know

(Official Handbook of American Rose Society)

This is a very practical book. It tells about Roses and how to grow them in the simplest fashion and the fewest words. It is expressly designed to help the beginner and gardener who wants to know how to grow Roses successfully. Numerous drawings make each operation clear. Price, \$1.00 postpaid.

Dwarf Polyantha (Baby) Roses

- Chatillon Rose.** Small, double, rose flowers, borne profusely.
- Gloria Mundi.** Huge clusters of small, orange-scarlet flowers of a deeper tone than Golden Salmon.
- Golden Salmon.** A fine new Baby Rose with small, double, golden salmon flowers.
- Golden Salmon Superior.** Improved Golden Salmon. More lasting in sun.
- Katharina Zeimet.** Best double white Baby Rose.
- Miss Edith Cavell.** Small, double, deep red flowers. An excellent bloomer.
- Mlle. Cecile Brunner.** The well-known miniature or "Sweetheart" Rose with small, double, pink flowers.
- Paul Grampel.** New Polyantha of deep orange-scarlet color.
- Perle d'Or.** A yellow form of Sweetheart Rose.

Gloria Mundi

- ABELIA grandiflora.** Well-known and useful evergreen with dark green leaves and small white flowers.
- CLEYERA japonica.** One of the most beautiful and satisfactory of all evergreens. Thick, waxy, dark green leaves; creamy white, fragrant flowers; red berries on mature plants.
- ELÆAGNUS pungens.** Spreading habit. Leaves glabrous above, silvery white underneath. Bears quantities of red fruits. 2-yr. plants only.
- EUONYMUS patens.** Attractive evergreen with glossy leaves and red berries.
- GARDENIA florida.** The well-known Cape Jasmine. 2-yr. plants only.
- ILEX cornuta.** Valuable, dwarf Chinese Holly. Dark green foliage; large red berries. 2-yr. plants only.
- I. vomitoria.** One of the very best of native evergreens, commonly called "Yaupon." Small green leaves. Great quantities of bright red berries. 2-yr. plants, and larger.

Abelia grandiflora

- I. opaca.** The well-known native Holly Tree. \$1.00 each, up.
- JASMINUM.** Rapid-growing evergreen with yellow flowers. We can supply **J. primulinum**, spring-flowering; **J. humile**, summer-flowering; **J. nudiflorum**, winter-flowering.
- MAGNOLIA grandiflora.** Native Magnolia. \$1.00 each, up.
- NANDINA domestica** (Heavenly Bamboo). A most striking plant in winter when the normally green leaves turn a brilliant red. Our Nandinas are the large-leaf variety, and bear large clusters of red berries. Extremely valuable in landscape effects, growing in full sun or much shade.

PHOTINIA serrulata. Large evergreen shrub or small tree. Long, green leaves and heavy heads of white flowers in early spring.

Pyracantha Lalandi

BROAD-LEAVED EVERGREENS, continued

PITTOSPORUM Tobira. Valuable evergreen for the Lower South. Long green leaves. Small, fragrant, creamy white flowers.

P. Tobira variegata. Variegated form of above.

PYRACANTHA formosana (Formosa Hawthorn). One of the most choice of all evergreen trees for the South. Small, dark green leaves in summer and a profusion of white blossoms; in winter, an abundance of deep red berries. 2-yr. plants, and larger.

P. Lalandi. An upright Hawthorn with orange berries. 2-yr. plants, and up.

LIGUSTRUM iwata. A comparatively new and evergreen Privet of great merit. Glossy green foliage with lighter center. Densely compact grower.

L. lucidum. The Wax-leaf Privet. Dark glossy foliage. Ours is a very select strain of this variety. The most useful of all the Privets in landscape effects.

L. marginatum aureum. The Gold-leaf Privet. A tall grower and valuable evergreen. 2-yr. plants, up.

L. nepalense. An evergreen Privet with dark green foliage, and, like other Ligustrums, has heavy heads of purplish black berries.

L. nobilis. A tall, upright form of *L. lucidum*. Leaves larger and more pointed, dark green.

L. excelsum superbum. Beautiful evergreen Privet with golden and white variegated foliage. Tall. 2-yr. plants, up.

L. japonicum. This is the tall-growing Ligustrum with large green leaves. 2-yr. plants, up.

OSMANTHUS. The well-known Tea or Sweet Olive of southern gardens.

O. fragrans (Tea Olive). Small white flowers of pleasing fragrance. 2-yr. plants, up.

O. fragrans aurea. Fragrant yellow flowers. 2-yr. plants, up.

VIBURNUM macrophyllum. A valuable large shrub or small tree, with large, glossy green leaves.

V. suspensum. A valuable dwarf evergreen with large, slightly crinkled leaves, and white flowers in early spring. 2-yr. plants only.

V. Tinus. An evergreen of great value as a winter-flowering tree. Creamy white flowers in large clusters in mid-winter. 2-yr. plants, up.

MISCELLANEOUS PLANTS

AMARYLLIS vittata Hybrids (Giant Lily). Flowers very large, in a wonderful range of color—red, maroon, rose, splashed pink, striped and variegated. We cannot guarantee the color, but ours is a good strain and all flowers will be good. Flowering size, 50 cts. each, \$5.00 for 12.

BAMBUSA falcata. The best of the Bamboos for ornamental plantings. Fine-leaved, compact-growing, making growth from one center; does not sprout from roots along the ground. Medium clumps, 50 cts. each, \$5.00 for 12; larger clumps, \$1.00 to \$2.50 each.

COCOS AUSTRALIS (Hardy Coconut Palm). Graceful, bluish green foliage. 50 cts. to \$7.50 each.

HEMEROCALLIS (Day Lily). Brilliant spring-flowering Lilies. **H. flava**, single, yellow; and **H. fulva plena**, double, orange. 10 cts. each, \$1.00 for 12.

LIRIOPE graminifolia. A comparatively new border plant that is rapidly coming into favor wherever known. Grass-like leaves, green the year round, and beautiful spikes of purple flowers in the summer. The best border plant in cultivation in this section. When planted 6 inches apart, will soon make a perfect line. This plant was formerly called *Ophiopogon*. Our plants are the superior, large-leaved variety. 1-yr. plants, 50 cts. for 12, \$3.50 per 100; 2-yr. plants, \$1.00 for 12, \$7.50 per 100.

VIOLET, Gov. Herrick. Large; deep purple. 15 cts. each, \$1.50 for 12, \$10.00 per 100.

[illegible]

Coniferous Evergreens

We grow a wide assortment of coniferous evergreens, most of which are carefully sheared for shape. These are fine plants, of good color.

PRICES OF CONIFEROUS EVERGREENS

	Each	12	100		Each	12	100
2-yr., small	\$0 35	\$3 50	\$30 00	3-yr., large	\$1 00	\$10 00	\$80 00

CEDRUS

Deodara. A fine conifer. Bright, bluish green foliage. Tree grows up cone-shaped, with graceful, lateral branches. 3-yr., up.

CHAMAECYPARIS

Retinospora

Showy conifers with plummy foliage, excellent for southern plantings. All sizes.

Lawsoniana Veitchi glauca. A very attractive blue variety.

Obtusa ericoides. Dwarf, pyramidal. Bluish green foliage.

Pisifera aurea. Beautiful golden yellow foliage.

Pisifera plumosa. Conical tree with plummy branchlets; green foliage.

Pisifera sulphurea. Light yellow foliage.

CUNNINGHAMIA

Lanceolata. One of the aristocrats of conifers. It shapes up like *Cedrus deodara*, but with foliage of darkest green, pine-like, and very compact. 3-yr. plants only.

JUNIPERUS

A valuable class of conifers for southern plantings. 3-yr. plants, up.

Chinensis Pfitzeriana. Dwarf; spreading.

Chinensis stricta. Dwarf; pyramidal; blue.

Communis Kiyonoi. Tall; columnar; blue.

Chinensis sylvestris. Green; pyramidal.

PODOCARPUS

Chinensis. A fine conifer with long, wide, green leaves. 3-yr. plants only.

THUJA ORIENTALIS

The well-known Chinese, or Southern, Arborvitae family. From 2-yr., medium size, up.

Baker's Pyramidal. Bright green; pyramidal.

Blue Green. Compact; blue-green.

Bonita. Green; globe-shaped.

Aurea nana. Dwarf; golden.

Orientalis. Common, tall, fast variety.

Aurea conspicua. Tall; pyramidal; golden.

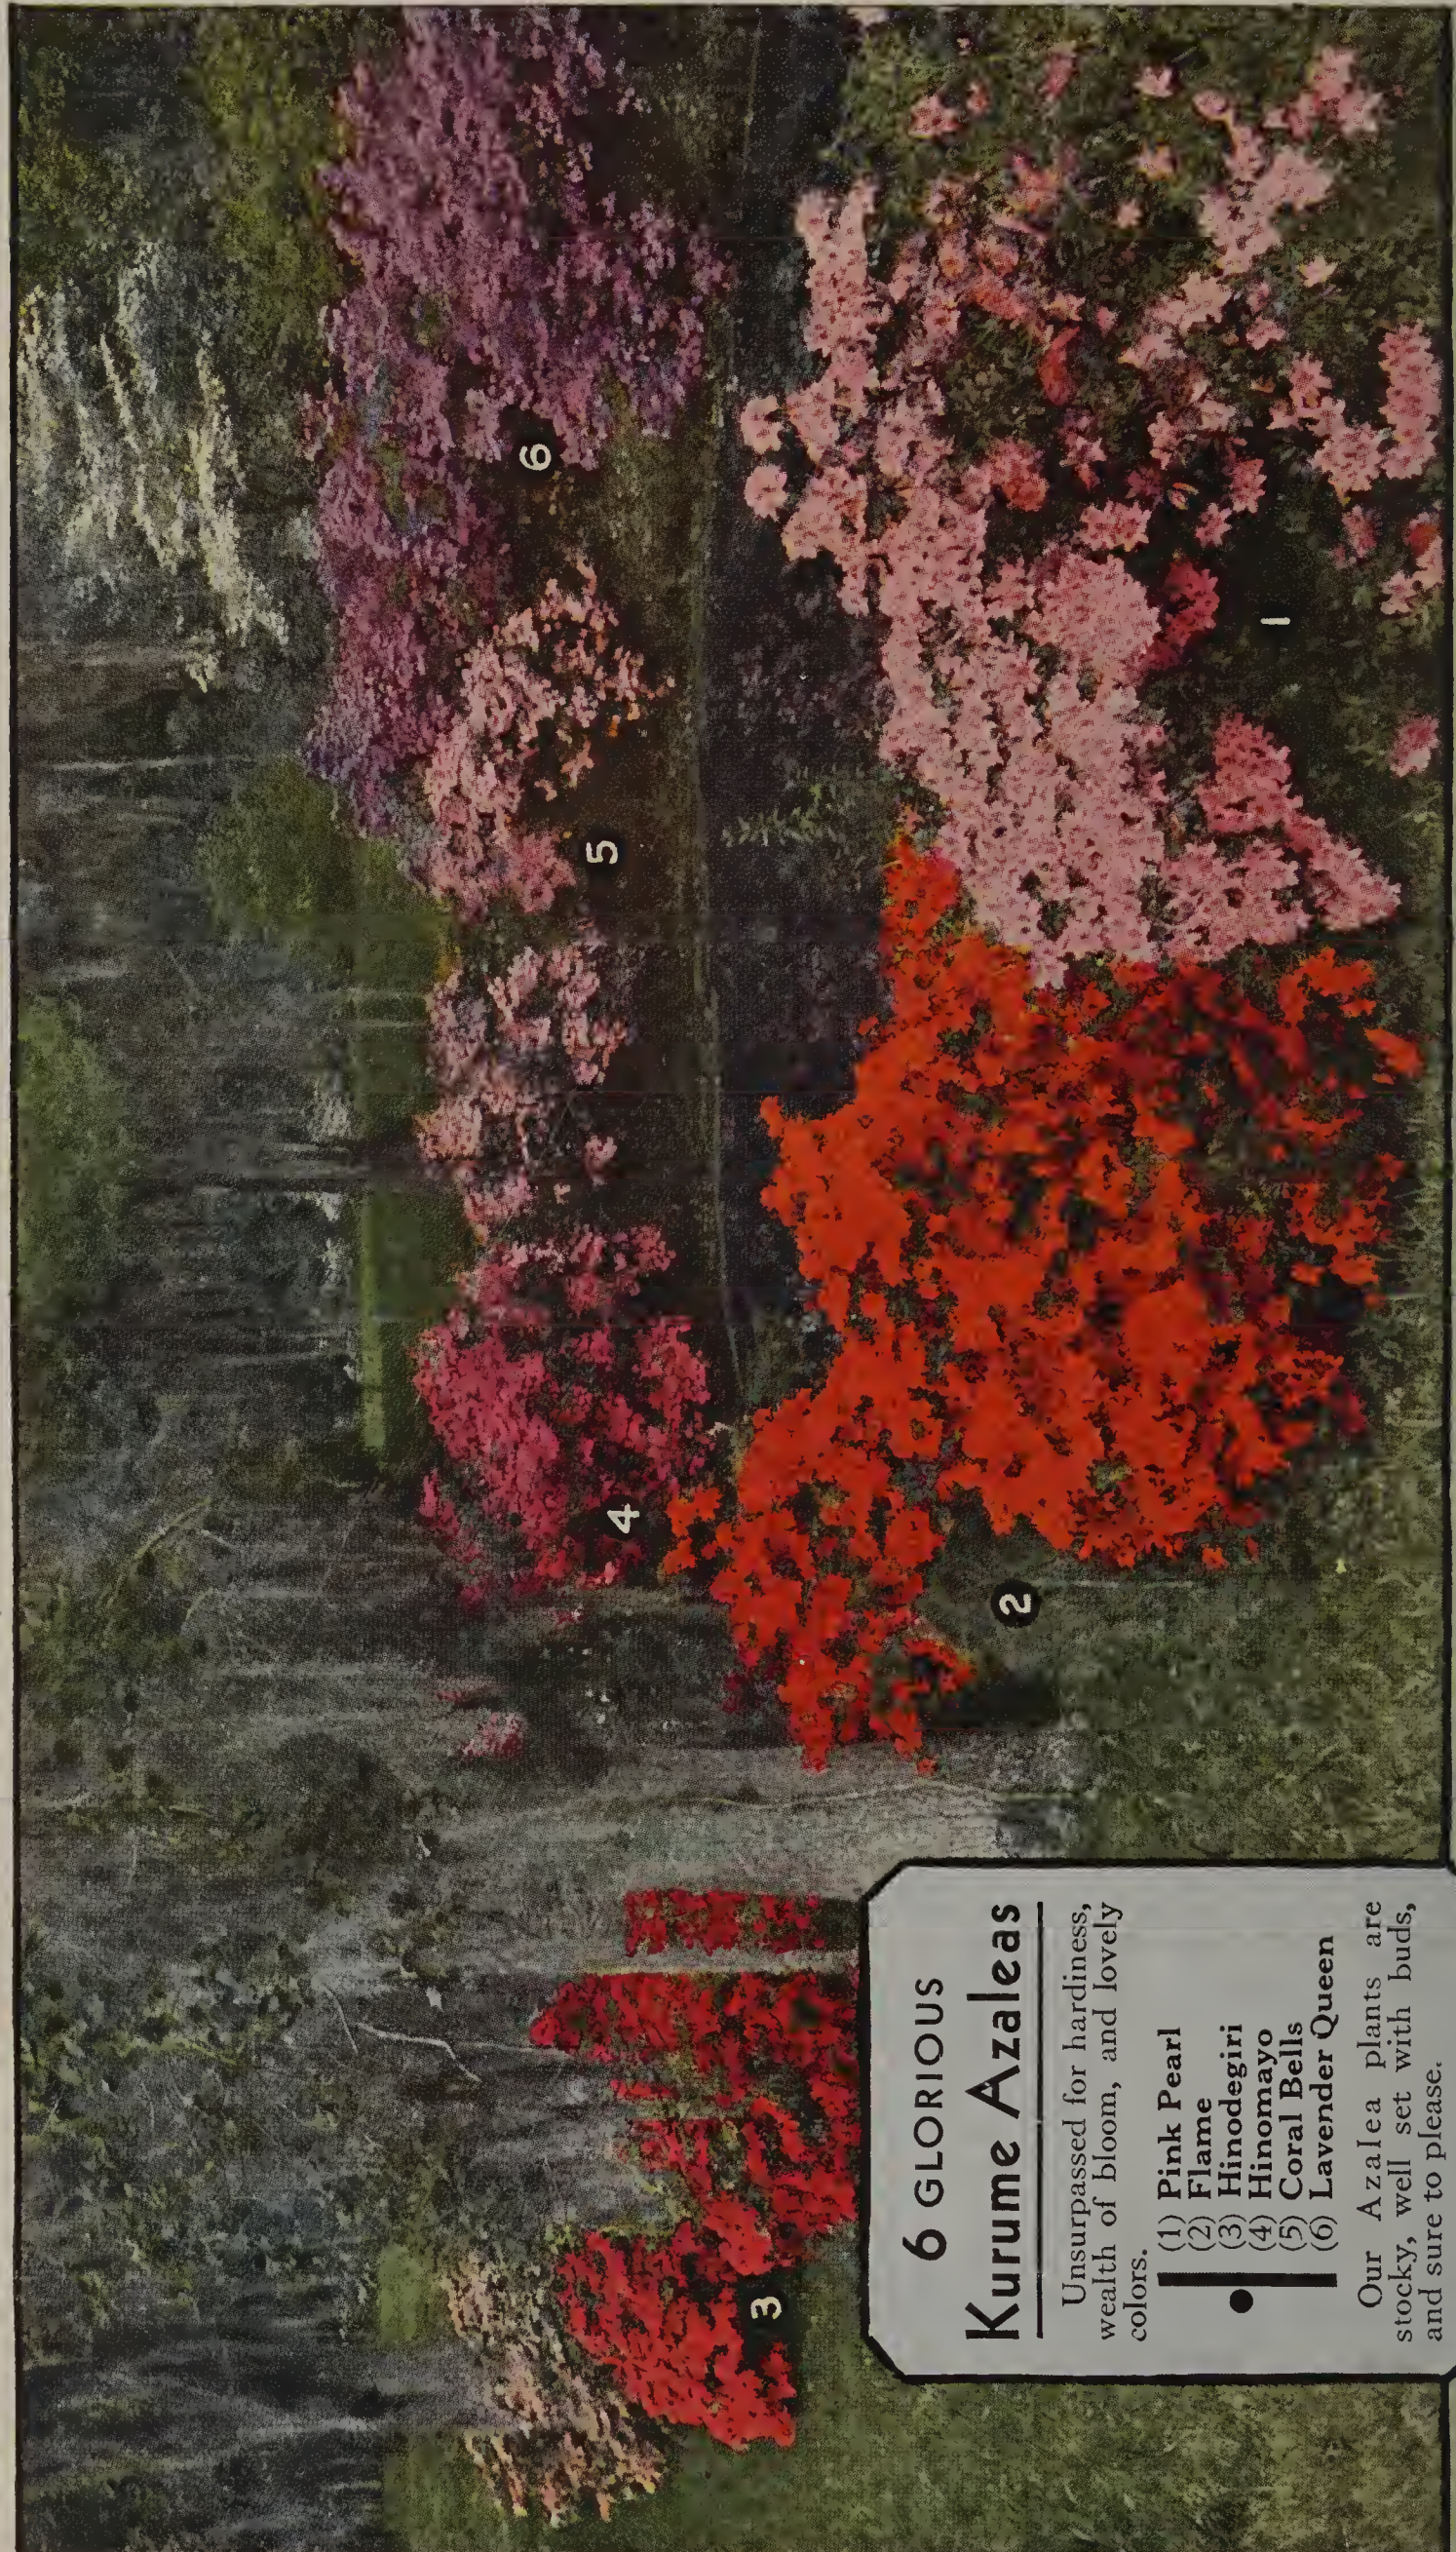

Beverleyensis. Tall; pyramidal; golden.

Pyramidalis. Tall, green pyramid.

Ramsey's Hybrid. Thread-like green foliage; columnar.

LANDSCAPE SERVICE

We maintain a Landscape Department, in charge of men with college training, years of experience, and a love for the business. Correspondence invited.
